

## Aqua Link - An Overview

Aqua Link, Inc. is a water resources and watershed management company, which specializes in assessing and restoring ponds, lakes and streams. Aqua Link provides environmental consulting services to quite a diverse group of clients, which include associations (lake, watershed, homeowner and property owner), government agencies (county, state and federal), conservation districts, golf courses, other consulting firms, industry and private citizens. Aqua Link also sells Hydro Logic Products AirLift aeration systems and Aqua Master water fountains for pond and lakes. We also carry a full line of products to properly manage ponds and lakes.

Aqua Link's corporate philosophy is quite simple...we always strive to provide the best possible service to our clients. We provide practical, cost-effective solutions to a wide variety of complex environmental problems. We do this by using innovative, technologically-sound methods to improve and protect the quality of our clients' natural resources. Overall, the ultimate success of Aqua Link is attributed to the fact that we never lose sight of our clients' needs.

## Aqua Link, Inc.

### *More About the Firm...*

Aqua Link, Inc., an environmental consulting firm, was created in order to provide technical services to a diverse group of clients facing complex water resources and watershed management problems.

Aqua Link's highly qualified staff has participated in over 85 major lake studies and watershed management projects throughout the United States. Our staff also has extensive experience in stream ecology, wetland ecology, environmental education and permitting.

Aqua Link is actively involved in numerous professional organizations. Our staff routinely presents technical papers at conferences and is frequently invited as guest lecturers at various workshops. In addition, we attend many courses and seminars offered by state and federal agencies, colleges and universities. By doing so, we stay on top of key environmental issues, such as the newest technologies, changes in the regulations and the availability of funding.

Aqua Link, Inc. was founded in 1998 by Edward W. Molesky, Jr. Mr. Molesky has over 25 years of experience and has participated in lake, reservoir, stream and wetland projects in 10 different states. Mr. Molesky is a two time President of the Pennsylvania Lake Management Society (PALMS) and has served as the organization's Eastern Regional Director. Currently, he is serving as the PALMS Treasurer and Editor of the PALMS newsletter *What's Wet*. Mr. Molesky is a Certified Lake Manager (CLM) through the North American Lake Management Society (NALMS), a Certified Aquatic Pesticide Applicator for Aquatic Plant Control and an approved Environmental Inspector for Grass Carp Stockings with the PA Fish & Boat Commission.
